About Us

Star Global Multi Ventures Pvt. Ltd., one of the leading Organic Rice manufacturing companies in India, exporting Basmati and Non-Basmati rice around the globe for the past many years. Backed by a team of visionaries and committed professionals, Star Global is a synonym with Basmati Rice. The organic business is handled as a distinct business vertical.

Our growth in rice exports over the years showcases our consistency, market acceptability and consumer-centric approach. Today we are one of the largest exporters of Basmati rice from India along with certified organic Basmati and non-basmati rice exports throughout the world. We realize the crucial importance of creating world-class, universally acceptable products and ensure a consistent effort to pass on the benefit of the best costing to our buyers.

Our consistent, well thought out and acted upon business strategy has resulted in continuous growth and our annual turnover during the last financial year 2019-20 amounts to US\$120 million.

We have our own manufacturing/ processing facilities at Haryana, Punjab & Gujarat having state of the art machineries.

Quality Control

We have strict inbuilt quality control systems from the farm till final dispatch which ensures best quality products for our esteemed customers and end-consumers.

Technology

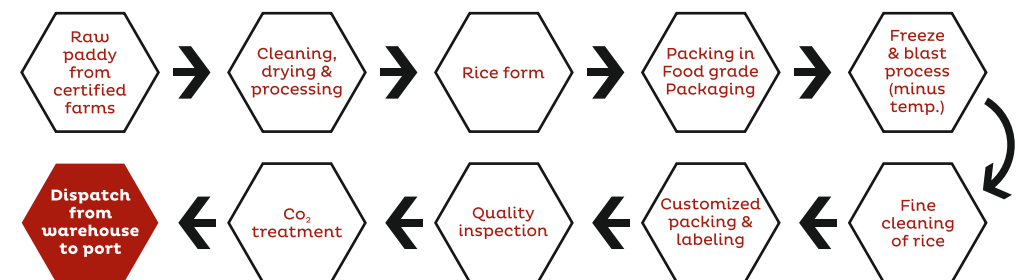

In addition to hi-tech rice processing units, we have also installed an in house freeze blast facility wherein organic products are kept in controlled temperature which is lowered upto minus 25 degree Celsius. This facility is exclusively used for organic products.

Processing Cycle of Organic Products

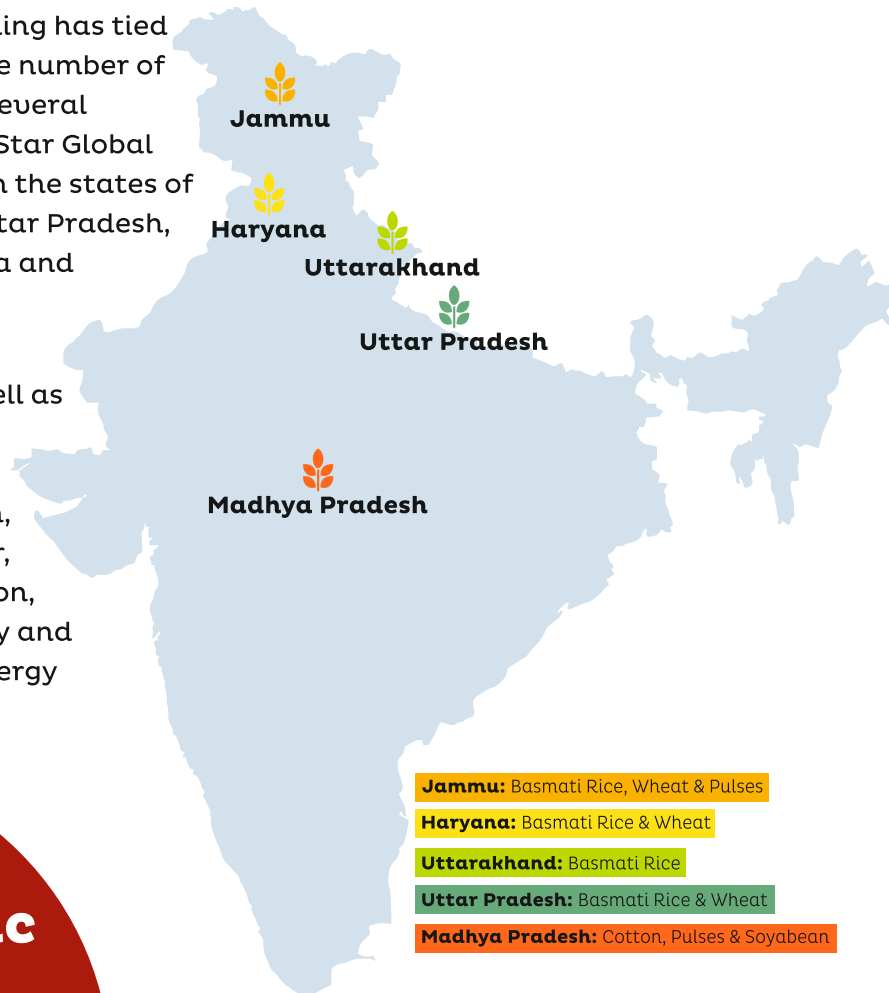

Organic Farming

Is an eco-friendly agriculture production system to produce food and other products. It is gaining popularity world wide because

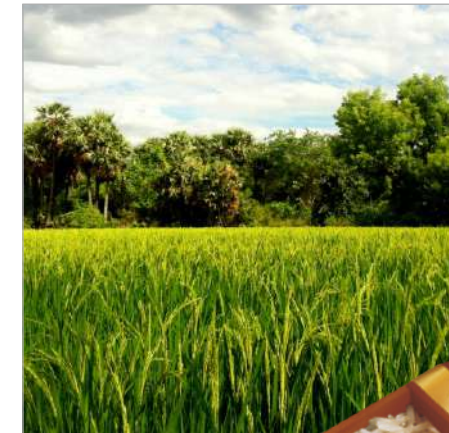

- Contains zero level of pesticide residues.
- Supports the sustainable cultivation system.
- Crop yields rich in vitamins, enzymes, minerals and proteins with high naturally nutrition value.
- It helps in forming and maintaining strong immune system. It helps to protect the future generations by maintaining ecological balance.
- Promotes multi cropping and crop rotation which enrich the soil and maintain its fertility.

Star Global in its endeavor to promote organic farming has tied up with a considerable number of farmers spread over several projects across India. Star Global has projects located in the states of Jammu & Kashmir, Uttar Pradesh, Uttarakhand, Haryana and Madhya Pradesh.

We are committed to organic farming as well as environmental best practices including reduction of pollution, conservation of water, reduction of soil erosion, increase in soil fertility and achieving efficient energy utilization.

Our Organic Certified Projects

Nature gets closer... with organic farming.

Farmers Training

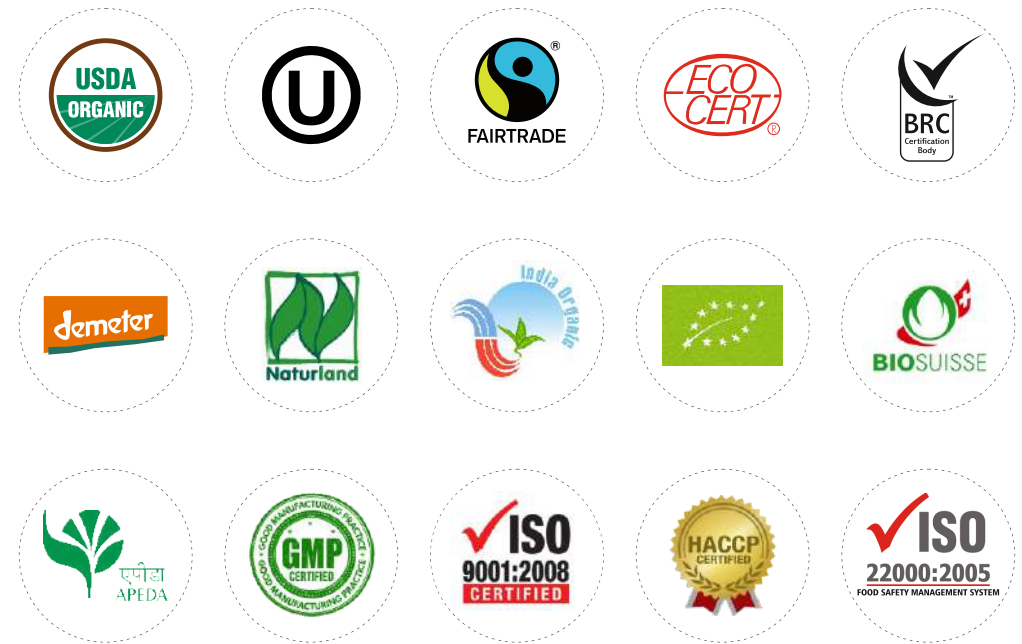

Star Global educates its farmers about every process of organic farming commencing from the Nursery and continuing till harvesting. The education is primarily aimed at cultivating the land and raising crops in a way that benefits the farmers and maintains the fertility of the soil by use of organic wastes (crop, animal and farm wastes, aquatic wastes) and other biological materials along with beneficial microbes (biofertilizers) to release nutrients for increased and sustainable production in a eco-friendly, pollution free environment.

About Fair Trade

For the welfare of farmers and their community, Star Global has also initiated certified organic basmati and non basmati rice projects under Fair Trade Label. Farmers Associations carry out many social and environmental developments activities with funds raised through FT premium.

- Awarded the status of Three Star Export House by Director General of Foreign Trade, Ministry of Commerce, Government of India.
- Recognized Member of APEDA.
- Recognized Member of All India Rice Exporters Association.
- Recognized Member of Delhi Chamber of Commerce.
- ISO 22000 Certified.
- FDA Certified.
- GMP Certified.
- Certified by Ecocert, IMO Control.
- Certified Organic as NPOP, NOP, EU, Demeter, Naturland, Bio Suisse and Fair Trade.
