About Us

Star Global Multi Ventures Pvt. Ltd. is a stellar brand in rice exports from India across multiple countries. Our vast experience & high quality benchmarks set us on a higher echelon in the industry.

We have our processing units in Gujrat, Haryana & Punjab. All facilities are fully equipped with the best of the technology and state of the art machinery. Our consistent growth in rice export shows our market acceptability and consumer concentric approach.

Today we are one of the largest exporters of basmati rice, certified Organic rice and non-basmati rice from India across the globe. We export to many of the finest top grade food companies around the world.

Our commitment to meet the timelines & quality standards drives us to create benchmarks above the usual in the industry. We know the importance of creating world class, universally acceptable products; hence our work & facilities are sheer examples of that. We have been successfully exporting more than 100,000 tons year after year. Our turnover during 2019-20 exceeded the mark of 120 Million USD.

Sustainable Rice Platform (SRP)

The Sustainable Rice Platform (SRP) is a multi-stakeholder platform, co-convened by United Nations Environmental Programme (UNEP) and the International Rice Research Institute to promote resource efficiency and sustainable trade flows, production and consumption operations, and supply chains in the global rice sector.

The Mission of the platform is to provide private, non-profit and public actors in the global rice sector with sustainable production standards and outreach mechanisms that contribute to an increase of the global supply of affordable rice, improved livelihoods of rice producers and a reduction of the environmental impact of rice production.

- Star Global also ventured into sustainable rice farming.
- Star global initiated its pilot project of SRP in 2015 with 9 farmers with 210 acres of land.
- By 2019 the number of farmers increased to 250 and land size along with it.
- Star Global SRP projects have been very successful and up to the mark.
- Through SRP projects, we provide free kits of plant protection to the farmers who in turn get good yield & better income.
- Our dedicated SRP team provides full guidance in terms of safety measure too and support to all farmers involved in the project.
- The rice produced in SRP projects conform to the guidelines of pesticide residues of most of the importing countries viz. USA, Europe.

Global Footprints

Private label business:

Star Global is one of the leading private label exporters from India. We have been supplying consistent quality rice to our buyers year after year. pack many of the world's best-known rice brands.

Our relationship with our buyers is growing strongly due to our understanding of their demand and ensuring timely deliveries with 100% quality benchmarks. We have private label buyers are from all over the world-Europe, USA, Canada, Australia, Saudi Arabia, Kuwait, Dubai, Iran & Iraq Etc.

Our service, backed up by years of expertise, ensures that our clients get “best practice” results, both at the time of initial engagement and over several years as their sales grow. A few of our prominent customers are Kirkland Signature (Costco USA, Canada, Australia), Khazana (USA), Nature's Delight (Canada), Uncle Bens (Mars Lebanon), Imperial (Aldi Australia), Neel Kamal (Taiwan), Royal Stallion (Iraq), Duru (Europe, Iran, Turkey), Mahbuba (Turkey), Nature Land (Kuwait), Mohsen (Iran), Avajeh (Iran), Pilau (Iran).

Quality Meets Quantity

Our high benchmarks in quality and hawk-eye inspection make us #1 in terms of quality standards.

- Our futuristic labs are fully equipped to perform accurate tests.
- Timely calibration of instruments & equipment.
- Our quality team is technically qualified and well experienced.
- Random samples are re-checked from independent external quality labs for verification of effectiveness & accuracy of our labs performance.
- To determine the final product's quality, labs at Star Global are committed to check and re-check through a systematic examination of the quality of paddy and rice.

For this, we perform:

- 1) Quality Check of Control Samples.
- 2) Quality Check of In-coming Material.
- 3) Quality Check of In-process Material.
- 4) Quality Check of Out-going Material.
